

## App CRUD Data

### Menu Approval (App)

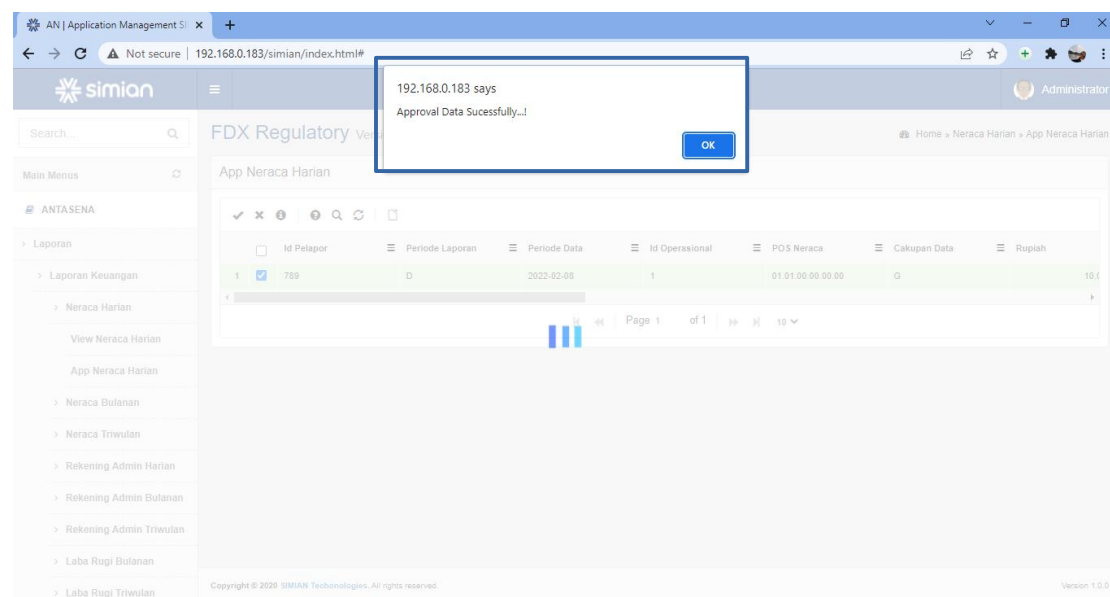

The App Menu functions to approve or reject data. So when there is an add, edit, delete command, the data is entered into the application table to wait for approval.

### Description :

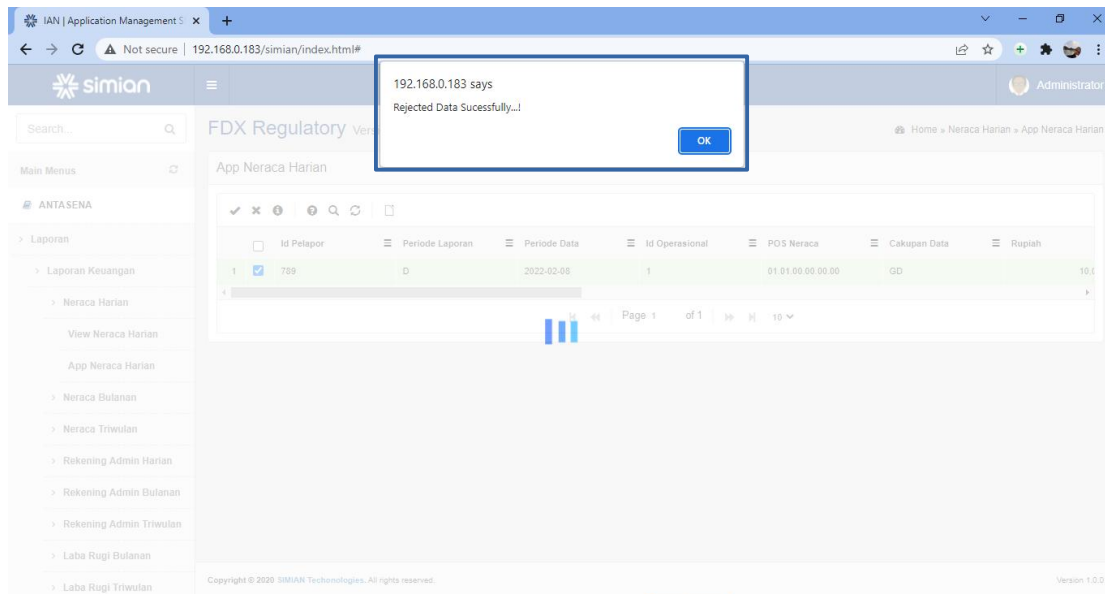

- The button indicated by the blue arrow to approve
- The button indicated by the red arrow to reject
- The button pointed by the orange arrow is for information

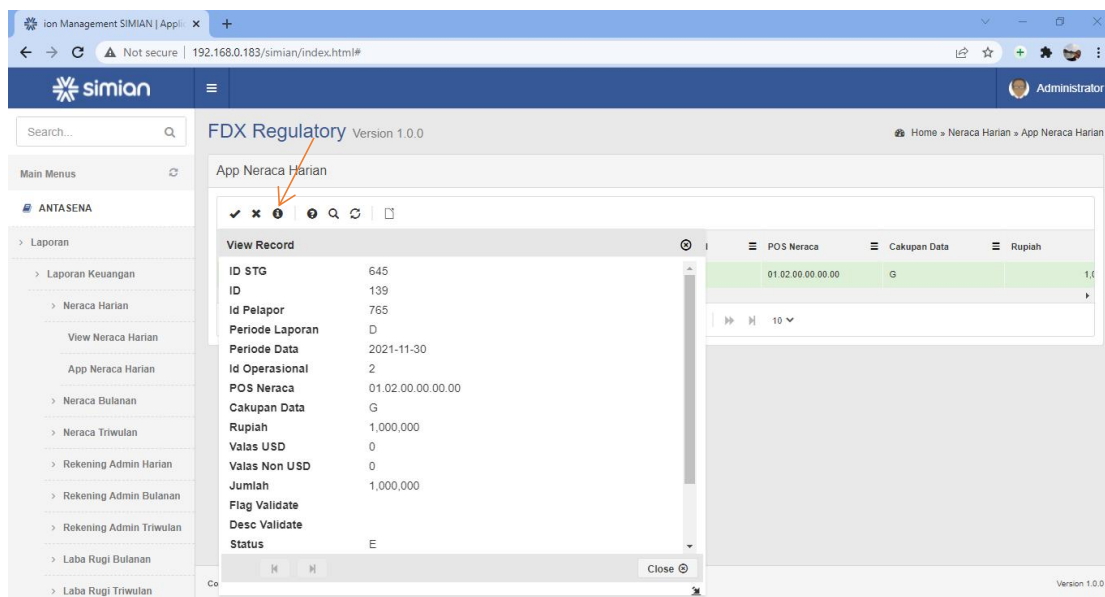

If we choose to click agree, a notification will appear as below:

If you select the reject button, a notification will appear as below:

If the detail button is selected, the display will appear as below:

And to distinguish between add, edit, and delete can be seen in the status that is written:

- N for newly added data
- E for edited data
- D for deleted data

The screenshot displays the SIMIAN FDX Regulatory application interface. The top navigation bar includes the SIMIAN logo, a search bar, and the user role 'Administrator'. The main menu on the left lists various reports under the 'ANTASENA' category, including 'Laporan Keuangan', 'Neraca Harian', 'View Neraca Harian', 'App Neraca Harian', 'Neraca Bulanan', 'Neraca Triwulan', 'Rekening Admin Harian', 'Rekening Admin Bulanan', 'Rekening Admin Triwulan', 'Laba Rugi Bulanan', and 'Laba Rugi Triwulan'. The main content area shows the 'App Neraca Harian' section with a table of transactions. The table has columns for 'Flag Validate', 'Desc Validate', 'Status', 'Maker Time', 'Maker User', 'Checker Time', and 'Checker User'. The data rows show transactions with statuses 'E', 'N', and 'D'. The footer indicates 'Copyright © 2020 SIMIAN Technologies. All rights reserved.' and 'Version 1.0.0'.
