Page 1 of 1

A form for adding data will appear to fill in the data. When finished entering data, click submit to save and click cancel if data entry is cancelled. Make sure all data marked (*) are filled as below.

The screenshot shows the 'Add Record' form in the SIMIAN application. The form is titled 'View Neraca Harian' and contains the following fields:

- Id Pelapor**: 789 (*)
- Periode Laporan**: D - Harian (*)
- Periode Data**: 2022-02-08 (*)
- Id Operasional**: 1 - Baru (*)
- POS Neraca**: 01.01.00.00.00 - Kas (*)
- Cakupan Data**: G - Gabungan (*)
- Rupiah**: 10000000
- Valas USD**: (empty)
- Valas Non USD**: (empty)

A blue arrow points to the 'Submit' button at the bottom right of the form. The 'Cancel' button is also visible next to it.

If the data is successfully sent, a success notification will appear.

The screenshot shows a success notification dialog box appearing over the 'Add Record' form. The dialog box contains the following text:

192.168.0.183 says
Insert Data Successfully...

An 'OK' button is located at the bottom right of the dialog box.

3. Update Data

Note : must first select the selected row to edit, then change the data to be replaced. After filling is complete, click submit to save changes.

The screenshot shows the 'Edit Record' form in the SIMIAN application. The form is titled 'Edit Record' and contains the following fields:

- Id Pelapor:** 765
- Periode Laporan:** D - Harian
- Periode Data:** 2021-11-30
- Id Operasional:** 1 - Baru
- POS Neraca:** 01.02.00.00.00 - Penempatan pada Bank Indonesia
- Cakupan Data:** G - Gabungan
- Rupiah:** 1000000
- Valas USD:** 0
- Valas Non USD:** 0

A blue arrow points to the 'Submit' button at the bottom of the form. The background shows a table with columns 'POS Neraca', 'Cakupan Data', and 'Rupiah'.

After the changes are complete, a notification will appear as below:

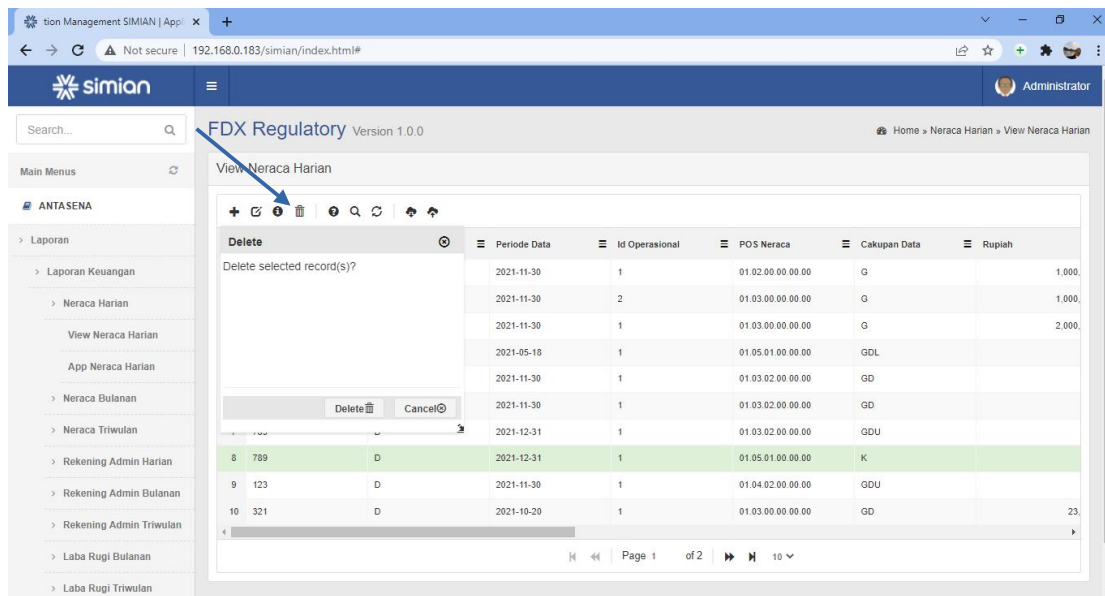

The screenshot shows a notification message box with the text: "192.168.0.183 says Edit Data Successfully...!". The notification is displayed over the 'Edit Record' form. The form fields are the same as in the previous screenshot, but the 'Submit' button is now disabled. The background shows the same table with columns 'POS Neraca', 'Cakupan Data', and 'Rupiah'.

The inputted data will appear on the App page. For the next action we can approve or not the data, make sure the data to be approved or rejected has been selected by marking the checkbox.

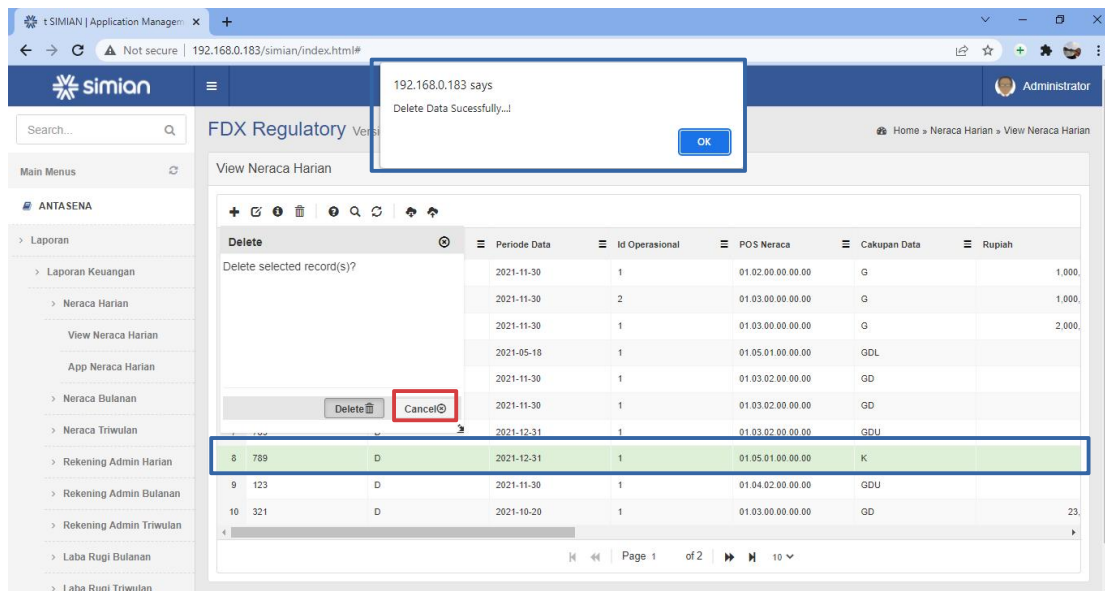

4. Delete Data

Following are the steps to delete data.

- Make sure there is a data row (selected data to be deleted)
- Press delete icon
- Then select Delete if you are sure you want to delete
- If you undelete then you can click cancel

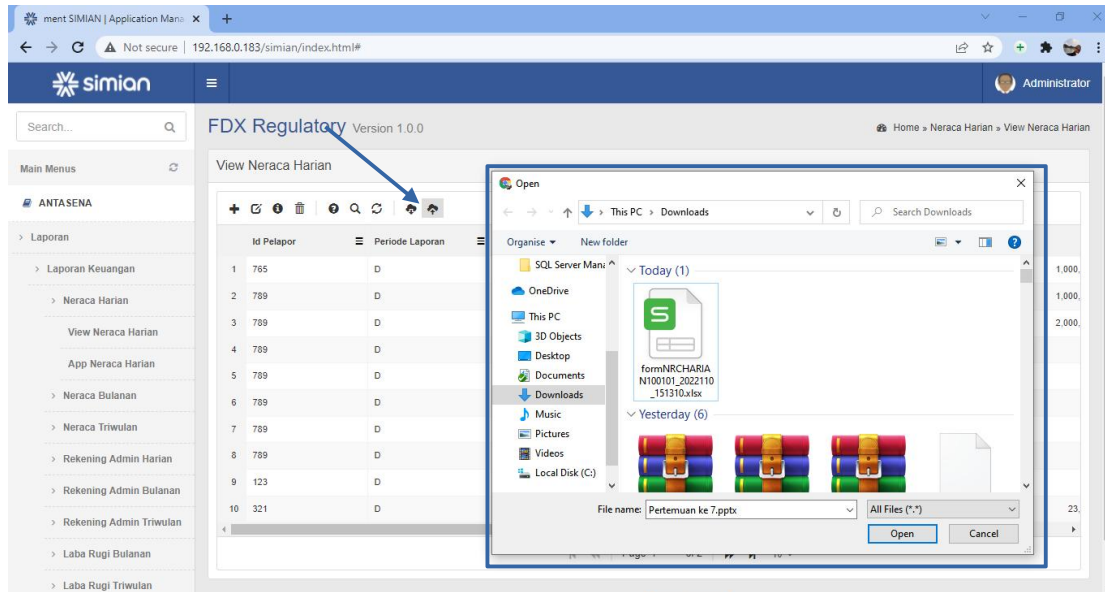

If you have pressed Delete, a notification will appear as below:

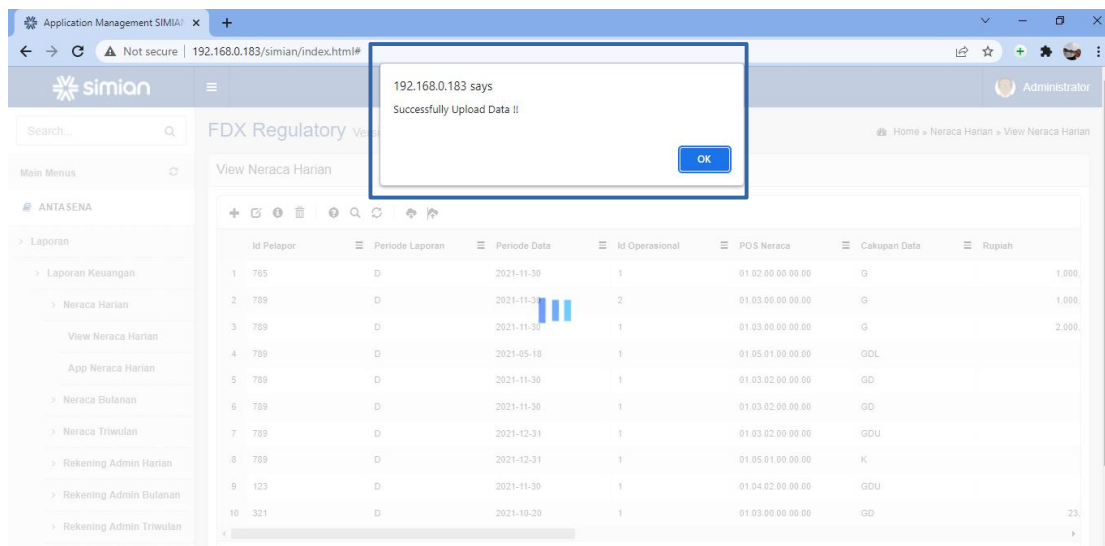

5. Export dan Import (Download) Data

To export data, click the export button, a file manager will appear to export data as below:

If the upload has been successful, the following notification will appear:

To Import (Download) data, you can click the download button, then the file will be downloaded automatically as below:
